<u>Please note that only those PhD students whose course work is not complete yet need to register. Other PhD students need not register.</u>

Therefore, all PhD students (Full-Time and Part-Time), <u>whose course work is not complete yet</u>, are hereby informed that they have to do the Online Registration for January-June 2020 session through their login ID, and they have to register only those courses which they did in offline registration mode in Jan-June 2020 session. No additional or equivalent courses are allowed to register. <u>Those students who did online registration earlier are required to do it again.</u>

<u>Update regarding registration for NPTEL and MOOC courses</u>: This online registration process is for the purpose of the online declaration of the results for the PhD students.
